A Walk Down the Hall

From One End to the Other

Students of Yale High School are very unique. They have their own interests and ideas; and express many of these interests in a positive way. These pages will give us just a small look into a day in the life of a Yale High School student!

SPIRIT WEEK

The 2010 spirit week and pep assembly was a success. Spirit days included senior citizen day, twin day, class t-shirt day, Oscar day, and of course, blue and white day. Many students participated in spirit week, but the overall winner was the junior class. The juniors won the float building contest, followed by the freshmen, seniors, and finally the sophomores. The annual pep assembly took place at the park. Condiment Twister was a new game this year as participants played Twister in ketchup, mustard, mayonaisse, and relish. Other games were tug-of-war, and capture the flag.

Continuing the Walk

There is so much to be said for the class of 2013! We are all very caring, intelligent, and respectful of others. Everybody works very hard to be the best we can, and all together, we are just a fun and responsible group of kids to be around. With all of the positive attitudes that are shown, it looks as if we all have bright futures to come!

Lighting the Path

Coming into the season, things looked very promising for the Bulldogs. Yale got off to a rough 1-3 start and had to win out in order to make the playoffs. The Bulldogs won 3 in a row, including a dominating 56 to 14 homecoming victory over Imlay City. Yale then fell to Capac in a heartbreaking 28-13 loss ending the Bulldogs chances of making the playoffs. The disappointed Bulldogs rebounded from the Capac loss by beating North Branch 15-14 on their home turf, in a come from behind victory in their last game. Yale had a winning season and finished 5-4.

Remember the Journey

The Yale Bulldogs have very high expectations coming into this season after winning the school's first district title in 42 years from last season. This year the Bulldogs are lead by Coach Kohler, who is in his first season at Yale. The experienced Bulldogs got off to a 7-0 start, the best in school history and won their Christmas tournament too. The Bulldogs posted a 16-4 regular season and finished in 2nd place in BWAC league play. Yale beat rival Cros-Lex to win their 2nd straight District title. The Bulldogs also won their first Regional game since 1947 against Bridgeport by 3. They have also broken the school record for most wins in a season.

Competitive Cheer

Remember the Times Worth Cheering For

At the start of the season, the team was a little bit behind in completing the rounds. By the first competition in Capac, they really worked hard as a team and pulled it together; receiving 2nd place. Their goal is not to beat Richmond, although they would really love to, but it is to beat their previous scores. They are great friends with Imlay City, they have a lot of fun with them. Singing, cheering each other on, and just having fun. They call themselves the Yale City Spardogs! The team really had to work hard to be the TEAM they wanted to be to go to states. JV did an outstanding job! They even beat some Varsity teams in round 1. The JV girls always worked so hard, for they are the future. Yale hosted districts this year, which included 14 teams. Everyone had a great time. A lot of Yale fans came to support the team. There was one disappointment, however; in not making it to states. Overall, the season was everything the team could ever ask for.

With high hopes of achieving a BWAC title this year, the team would fall short. The team strived for excellence and worked hard together throughout every practice. Runners had improved drastically from the previous season such as Kevin Silverthorn in the hurdle events, Jon Bricker in the 100m dash, and Travis Terpening in the 400. The highlight of the season was James Fisher, he broke Greg Hyde's 3200m run record by 13 seconds and contributed to the 800m run getting a 2:01.3. James would go on to states and place 15th in the 2 mile.

Golf

There's nothing like a good walk

The 2010 Golf team is a very young, inexperienced team that shows great potential in the next few years. The Golf team will return all starters for the 2011 season, with a years worth of experience under their belt. The Bulldogs look to contend for a BWAC Championship in 2011, 2012 and beyond with all the "up and coming" young talent.

Varsity Soccer

A Walk to Improvement

This year Yale High School finally claimed victory over the long road to varsity status. Though the season was hard and the outcome was disappointing to the players, the Heart and Hard effort the students put into this season was nothing less than satisfactory! The soccer team put up a hard fight this year and gave the opponents a run for their money. This improvement however, came with a cost; the cost of running, exhaustion, and injuries (especially running). "The students had fun and that's all we could ask for," said the always positive assistant coach Mrs. Skinner.

Congratulations Yale Soccer Team!!!

We're doing pretty good this year. We have definitely made an improvement since last year.

This year was fun and we improved a lot! I hope the program continues to grow and the team progressively gets better in the next few years.

Even though our season wasn't as good as we wanted it to be, It was still fun. I hope it improves and the program gets bigger through the years.

This year was a great experience for me. I enjoyed being able to play soccer at a varsity level my senior year. I hope this program grows into a great team in the up and coming seasons.

All the different ways... we walk.

Yale High School Clubs are great for students. Each club helps the students in different ways. From expressing themselves to meeting new people; each student will learn a great deal in their club. Every student has fun in the clubs and engages in after school activities as well. Advisors are helpful and willing to make these clubs meaningful.

IT WILL BE OUR TIME TO STEP BACK EVEN FURTHER AND WATCH YOU ALL SPREAD YOUR WINGS AND FLY WITH THE EAGLES, REACHING HEIGHTS UNIMANAGABLE TO US WHEN WE FIRST LAID OUR EYES ON YOU NOT THAT LONG AGO. WHERE HAS THE TIME GONE?

GOD AND THE THREE OF YOU HAVE BLESSED AND ENRICHED OUR LIVES MORE THAN YOU'LL EVER REALIZE. THANK YOU FOR LETTING US LOVE, CHERISH, GUIDE, AND TEACH YOU RIGHT FROM WRONG OVER THE YEARS. EACH AND EVERY ONE OF YOU HAVE GIVEN US YOUR LOVE AND TAUGHT YOUR DAD AND I SO MUCH IN RETURN.

Dear Kayla,

I know we have had some rough times in the past, but we got through them. You're the best and only big sister I will ever have. Good luck in college and I will miss you.

Love, Donnie

You touch our hearts in a way that could NEVER be explained or put into words. Since the day that you came into our lives, we knew that we had been blessed and rewarded with a gift from the angels. From day one you have shown us, and all others, that pursuit of goals and activities, but never gave up when the going got tough, to accomplish them. We wish you all the best as you move into another phase of your life and in pursuing your career goals.

With love and admiration, Nanny & Papa

From the moment they put you in our arms we fell instantly in love with you. You are an amazing and beautiful young woman with a huge heart and endless possibilities. Some of your best qualities are that you wear your heart on your sleeve and are a very outgoing person. This gives us such confidence that you will make the most out of your life.

It wasn't until your first college acceptance letter came in that we realized you are no longer our little girl, but you have grown to be a beautiful young woman ready to experience the world. We had to laugh the first time you told us you wanted to go into pre-law. All we could think about is when you had your first run in with the law at 2 years old not knowing you actually had to pay for the Barney tights you grabbed off the shelf and left the store with. You were so excited to show us what you had when we were getting you out of your stroller to put you in the car. We can't even begin to tell you how much we are going to miss you when you go off to college. We are all so very proud of all your accomplishments. We love you.

Love always, Mom & Dad

Leah Gleason

R. J. - It is hard to believe that your graduation is actually here. It is hard to put into words how proud we are of you! We enjoy watching you grow from a fun, friendly little boy to the wonderful young man that you are today. We truly treasure you and life would be quite boring without all the football, hockey, and baseball games. You have achieved many things and it does not even compare to what you still have in front of you, we look forward to watch and be involved in the next stages of your life. The changes of you going away to college will be hard, but we know that you will do well and succeed in whatever you put your mind to.

We love you very much,
Mom, Matt, and Nicole

Congratulations
Kevin!

Dearest Jenna,
On your first day of school you couldn't wait to enter the classroom, with shiny new shoes and not a hair out of place. Where was the precious little baby we had rocked to sleep only yesterday? We stood there waving and smiling, crying like fools. You were so anxious to grow up. Then, as you journeyed through junior high, you were a butterfly that spread her wings. It seemed too soon, but your shy smile and contented look made us remember what it was like to be a teenager. Now, here you are.... graduating from high school and ready to start a new journey.

You stole our hearts the day you were born Jenna and now we have to let go and watch you start a new chapter of your life. So, we just have a few thoughts we want to share with you as you enter this great adventure we call life. Know yourself; you'll always know what to do next when difficulties arise. Never stop learning; one of the surprises of growing older is that the mind doesn't. Live in the present; savor every minute because time is what we have least of. Finally, stay the wonderful person and daughter that you are. We love you and cherish all the memories we have made. Never look back and always know where you can rest your head. We love you so much and wish you success no matter where life leads you. Love and Happiness Always,
Mom, Dad, Trevor, and Austin

"2011"

To my beautiful daughter Breanna Lee. You are the most precious person in this world to me! You are smart and lovely and you can go far. Never let anyone keep you down, never look back, go for your dreams, don't be scared. I'll always be right behind you to support you.

I love you

"Dad"

"First day of kindergarden"

"Last-First Day as a Senior"

To Breanna Lee. So much to say. Look to the Heavens and shoot for the stars. Take a piece of me and stand up for yourself in every way! Always include God and you've got it made. Think about the words from the Bob Seger song, "Like a Rock." I'm so proud of you, as are your brothers, sisters and family.

Love the Ma-Ma

xoxo...

MERRIN LUDWIG

When you were first starting out in school, your kindergarten teacher stated that she likes to imagine what her students will become when they grow up. She said, "Merrin will be the next Oprah Winfrey." From the day you were born you had a natural ability to bring a smile to the ones around you. You have always had the gift of gab and could make friends wherever you went. Every time you walk into a room, people call out your name. It is your positive energy and ability to find the best in everyone and everything that attracts and draws

people to you like moths to the light. You are and have always been the light that never stops shining no matter what you do. So, whether you become a photographer, journalist, teacher or the next successful talk show host, know that you will always be our little "pooky bear" and we couldn't be prouder of the beautiful person you have become.

Our Love to You Always Mom and Dad

Why You'll Look Best at Birchfield...

Wide open lens puts more emphasis on YOU rather than the background.

Studio lighting can make you look dramatic or give you a softer look, depending on the 'mood' of the photograph.

The wrong facial angle can make your nose look bigger! Birchfield analyzes your facial structure & tells you how to turn your face to bring out your best features.

Natural skin tone makes you look healthy & beautiful.

40 acres of natural & landscaped features on-site means you'll be comfortable & won't have to travel to public parks where people would watch you.

Did you know that lighting is the single most important (and overlooked) element of a photograph? Birchfield uses off-camera flash, reflectors, & natural lighting to flatter you!

The wrong pose can add 20 pounds! Instead, Birchfield carefully poses you to flatter your body.

Colophon...

The 2011 yearbook staff worked hard to create a memorable high school yearbook. With the theme, "A Walk to Remember", 30 dedicated students put out countless hours of time energy in order to meet every deadline. The yearbook was printed by Herff Jones Yearbook Company in Gettysburg, PA with a run of 420 copies. This year's book was created using Adobe InDesign CS3. All pictures were digital and formatted with Corel Draw and Adobe Photoshop CS3.

Our deepest gratitude goes out to all of our administrators, faculty members, and staff for all of their support and cooperation during the school year.

A very special thanks to all of our sponsors and advertisers whose funding makes the production of the yearbook possible.

TWO THOUSAND TEN/ELEVEN WORLD/YEARBOOK

/THE WORLD AROUND US

IN RECOVERY

As the economy showed signs of recovery from the worst recession most Americans had ever known, President Barack Obama's satisfaction ratings also became more positive.

43%

OF TEENS WERE BULLIED ONLINE.

1 OUT OF 4
TEENS
REPORTED BEING BULLIED.

CYBER-BULLYING

Bullying didn't always happen at school or even in person. Some of the most vicious attacks happened over the internet on social networking sites or via instant messages. Many worried that internet bullying was becoming more prominent because of the relative anonymity afforded by phantom screen names.

(clockwise from top left)

NEW HOMEOWNERS REJOICE First-time home buyers received tax credits of up to \$8,000 when Congress passed a bill intended to revitalize a struggling housing market. The early summer deadline was later extended to serve those buyers whose closings were delayed due to the number of loans being processed.

WAR IS OVER In late August, President Obama announced that Operation Iraqi Freedom had officially ended. While the last combat brigade had already vacated, some U.S. troops remained in Iraq through year's end to help with training new Iraqi military forces.

HEALTH-CARE REFORM The Affordable Care Act was signed into effect in March 2010, with the hope of enhancing accessibility and quality of health care for all Americans. Prospects for a potential repeal continued for months.

PAYROLL TAX CUT Aimed at stimulating the economy by increasing take-home pay, these cuts saved workers earning \$50,000 an estimated \$1,000. Some opponents worried about the decrease the cuts would cause in Social Security funding.

A REAL ISSUE:

BULLYING

Though bullies had been feared in schools and neighborhoods for centuries, the changing landscape of peer teasing and torture took several visible turns in recent years.

In the past, intimidation and verbal or physical abuse may have been most common forms of bullying. Another form of bullying, social alienation, became more powerful as a result of cyber bullying, where a victim's reputation may have been destroyed via emails, blogs, forum posts or text messages.

After what seemed to be an increase in teen and tween suicides due to bullying, many schools, communities and other organizations moved to provide programs and information for affected students and their parents/teachers.

ITGETSBETTER.ORG

This movement, inspiring nearly 10,000 user-created videos and more than 30 million views, was started in 2010 by author Dan Savage. Among the celebrities, politicians and businesses submitting videos were President Obama, Hillary Clinton and employees of both Facebook and Google. It was a place where people could share their stories, take the It Gets Better Project pledge and watch videos of love and support.

NATIONAL SUICIDE PREVENTION LIFELINE

By calling 1-800-273-TALK, anyone feeling the extreme effects of bullying could get the support they might need from trained volunteers who were ready to help.

CARTOON NETWORK'S "STOP BULLYING, SPEAK UP" CAMPAIGN

Kid-centric television channels such as Cartoon Network stepped up to the plate in the fight against bullying. They launched their own campaign to encourage kids to speak up and to ultimately get their schools involved in anti-bullying programs.

THE TREVOR PROJECT AND LIFELINE

The Trevor Project was established to end suicide among young people by providing life-saving and life-affirming resources including a nationwide, 24/7 crisis intervention lifeline (1-866-4-U-TREVOR), digital community and advocacy/educational programs that created a safe, supportive and positive environment for everyone.

VIDEO PROOF

After the miners gave their loved ones a sense of relief by showing all 33 men alive and accounted for, they used videos to chat with their families.

BOUNCING BACK

Arizona congresswoman Gabrielle Giffords made record strides in her recovery after a gunshot wound to the head during a Tucson shooting in January that killed six others. Giffords was critically injured, but surpassed expectations in the months following the shooting.

JOINING FORCES

When Britain's 2010 election ended in a hung Parliament, the two winning rival Prime Minister candidates (David Cameron, a Conservative, and Nick Clegg, a Liberal Democrat) agreed to join forces and form a coalition government, the U.K.'s first in more than 30 years.

FLAWLESS RESCUE

Televised efforts allowed the world to look on as Chilean miners trapped underground for nearly 10 weeks by a mining accident returned to safety in October. It took just 22 hours and 37 minutes for all 33 miners to travel nearly half a mile to the surface.

EGYPTIAN OVERTHROW

President Hosni Mubarak's 30-year reign over Egypt ended in February when huge protests encouraged him to step down.

A ROYAL ENGAGEMENT

Prince William and his long-time girlfriend, Kate Middleton, scheduled an April 29 wedding after a much-discussed engagement.

LOSS OF POLISH PRESIDENT

Lech Kaczynski, his wife and 94 others died in April 2010 when their plane crashed in Russia. Thick fog was cited as the accident's cause.

SUPREME COURT

Elena Kagan, formerly the Dean of Harvard Law, was sworn in as the Court's newest Justice in August. She replaced 90-year old Justice John Paul Stevens.

MOSQUE UNREST

After hearing of plans to build a Muslim community center within blocks of Ground Zero, protesters crowded the streets.

NEW SPEAKER OF THE HOUSE

Nancy Pelosi handed the symbolic gavel to Republican John Boehner, the newly elected Speaker of the House, in January.

WIKILEAKS SAGA

Julian Assange, a main spokesperson for the international non-profit that published classified news leaks, was named Readers' Choice for TIME's 2010 Person of the Year.

/DON'T MESS WITH MOTHER

VOLCANIC ASH

European air travel was severely disrupted when Eyjafjallajökull, an Icelandic volcano, erupted through the summer months producing a dense, enormous ash cloud.

EGG RECALL

Nearly half a billion eggs were recalled from nearly 20 states after a salmonella outbreak sickened thousands. All of the eggs came from a single egg-producing company in Iowa.

SNOWPOCALYPSE

Winter yielded record snow levels. Many areas of the country saw multiple school delays and closings due to snow. On Jan. 12, 2011, 49 of the 50 states reported snow on the ground.

IN LIVING COLOR

Scientists revealed the discovery of the biological structure that gives feathers their color in the journal, *Nature*. The report provided evidence that dinosaurs had a coat of downy feathers.

CAR BOMB ATTEMPT

An observant sidewalk vendor who noticed a smoking car and alerted police helped avoid a potentially dangerous situation in Times Square.

GUILTY

Faisal Shahzad, a 30-year-old Pakistani-born U.S. citizen, was arrested as he tried to leave the country and later pleaded guilty to the attempt.

HOW BIZARRE

In a matter of a couple of days in January, hundreds of birds and fish died mysteriously in several states. **WV MINING TRAGEDY** A devastating April 2010 explosion killed 29 miners and injured others; the mining company had a history of safety and environmental infractions. **NEANDERTHAL DNA** German scientists partially reconstructed the Neanderthal genome and proved the survival of the genome in modern humans.

AND THEN

Nearly 100 tons of dead fish, mostly sardines, washed up on a Brazilian beach and reports of other mass deaths came from Italy and France.

While theories about the mass deaths included everything from cold stress and fireworks to hail, many scientists suggested that the various occurrences were merely coincidental.

NATURE

THE 'HOLE' STORY

A massive sinkhole in Guatemala City opened up and swallowed a 3-story building after Tropical Storm Agatha flooded the area with more than three feet of rain in May and June.

UNRELENTING RAIN

Nashville suffered its worst flood in more than 80 years after storms dumped more than 13 inches of rain on the region in two days. Buildings were flooded and more than 30 died.

LA NIÑA MONSOONS

Nearly 2,000 were killed and an estimated one quarter of the land in Pakistan was flooded in July. Miles of highway and railways and acres of farmland were ruined.

SLEEP TIGHT

Bedbugs terrorized the nation, invading hotels and stores nationwide. Because of the problem, a National Bedbug Registry allowed travelers to investigate hotels before checking in.

OUT OF THIS WORLD

A solstice lunar eclipse — the first since 1638 — occurred on Dec. 21, 2010, and was visible across North America.

MINING MATTERS

NASA's Hubble Space Telescope discovered a small star cluster 13.2 billion light years away; the Milky Way was 100 times greater in size.

LUNAR WATER

A probe found millions of tons of water ice at the Moon's north pole. The water source could be used to sustain a moon base or generate oxygen.

NEW PLANETS

NASA announced that its Kepler Telescope had identified 54 planets that could sustain human life. Conditions conducive to liquid water meant the planets might be inhabitable.

LAST SHUTTLE

The third space shuttle flight of 2011 — and NASA's very last shuttle flight ever — was scheduled for Atlantis on June 28, 2011.

/OIL SPILL IN THE GULF

BRITISH PETROLEUM

CEO Tony Hayward testified before the House Energy and Commerce Oversight and Investigations Subcommittee. Hayward resigned from his post on July 27, 2010.

205 MILLION GALLONS

The amount of crude oil that spilled into the Gulf of Mexico made this the world's largest accidental oil spill in history. After five months, the well was declared "effectively dead."

THE PEOPLE SPEAK

BP station boycotts and anti-BP social media groups as well as traditional protests, like this one in Vienna, Austria, allowed people to make their feelings about the oil spill known.

BOUND TO HAPPEN

The follow-up report by the National Commission on the BP Deepwater Horizon Oil Spill and Offshore Drilling said 'systemic' problems caused the blowout/oil spill and only 'significant reform' could prevent future spills.

THE STATS

APRIL 20, 2010

BP oil rig Deepwater Horizon exploded in the Gulf of Mexico, killing 11 men and injuring 17 workers. In late April, BP estimated the resulting leak at about 5,000 barrels (210,000 gallons) a day.

A NEW ESTIMATE

In June, the government produced other figures, estimating that 30,000 - 65,000 barrels (as much as 2.7 million gallons) of crude was pumping into the gulf each day.

OBAMA SPEAKS

The President addressed the nation after traveling to the gulf to survey the damage made to the Louisiana coastline.

ORGANIZED CHAOS

For months, controlled burns were conducted at sea to help prevent any further spreading of the oil to the shoreline. Coastline in four states was affected.

MONEY WHERE THEIR MOUTH IS

BP projected that they had already spent \$2 billion on clean-up efforts by June. The budget tallied \$20 billion over three years.

LIVE FEED

The nation was able to survey the oil escaping from the leak site via BP's live video feed, assuring the public that the leak would be taken care of.

HOW TO PROPERLY WASH OIL-COVERED BIRDS

STEP 1

Gently flush eyes with warm saline solution. Swab oil from nostrils and bill. Remove any oil from stomach with tube.

STEP 2

Wash oil from body and wings with a dishwashing solution. Make sure to wipe the feathers in the direction they are growing.

STEP 3

Repeat 3-4 times until oil is completely washed away, then gently towel dry bird. Bird will be ready for release in 2-4 days.

DEAD SERIOUS Oil contamination is often deadly for birds if they are not properly washed and cared for. Oil reverses birds' water resistant feathers, making them vulnerable to temperature change. Oily feathers also make it impossible for birds to fly and can even drag them underwater to drown. The oil can also cause internal harm when birds try to preen the oil from their feathers. It can cause kidney, liver and reproductive damage among other things. **CLEANING EFFORTS** Scientists and other volunteers

worked on all kinds of wildlife affected by the spill. The processes for cleaning birds, turtles and dolphins varied, as did survivors' chances for recovery. Thousands of birds and dozens of turtles and dolphins perished. **LASTING EFFECTS** In addition to the casualties and the damage to wildlife, there are numerous other long-term effects. Human health issues included increased risk of cancer and other ailments, as well as escalated stress. Two of the region's other major industries (tourism and seafood) were shut down immediately and suffered lasting losses. Louisiana traditionally contributed a third of the nation's shrimp, oysters, crab and crawdads and, despite massive marketing campaigns, hotels and resorts on the gulf shore suffered decreased occupancy throughout the summer.

STRENGTH IN NUMBERS

By June, 558,000 barrels had been collected from the water's surface and nearly 1,240 miles worth of booms had been set up to prevent oil from reaching the shoreline.

HELPLESS

While four wildlife rehabilitation centers were established in response to the oil spill, 36 national wildlife sanctuaries were threatened.

OTHERS JOINED IN

Mexico, Norway, Canada and the Netherlands all donated equipment (such as the water-skimming system on the right) to aid in the clean-up efforts.

JULY 15, 2010

After nearly three months, the leak was finally capped, but not before the effects of the spill could be seen in photos that were taken from space.

NO LONGER ASEA

It was estimated that more than 125 miles of Louisiana shoreline was contaminated with the washed up crude oil.

OIL CAPTURE RIG

Discoverer Enterprise, a deepwater drilling vessel, aided in recovering the spilled oil gushing from the leak site after a cap was placed in June.

/THE MAKING OF

TIGERS EDGE DUCKS

The top-ranked Auburn Tigers defeated the No. 2 Oregon Ducks 22-19 in the BCS Championship game in Glendale, AZ as the 2010-11 season wrapped up. Auburn quarterback and Heisman Trophy winner Cam Newton threw for 256 yards and rushed for another 64, accounting for two touchdowns. Freshman running back Michael Dyer was named MVP. Senior Wes Byrum kicked his sixth career game-winning field goal on the last play of the game to save the Tigers' perfect season. This was the fifth consecutive national championship for the SEC.

FAST AND FURIOUS X 5

Jimmie Johnson came in second to Carl Edwards at the Ford 400 at Homestead-Miami, but that was enough to vault him over Denny Hamlin in the points race to win his fifth consecutive NASCAR Sprint Cup Championship. Hamlin's car was damaged early in the race and never challenged for the lead. Only Richard Petty and Dale Earnhardt, with seven championships each, had more titles than Johnson. Between 2002 (when he joined Hendrick Motorsports) and 2010, Johnson recorded 53 wins, 203 top-ten finishes and 25 pole positions.

DUKE DOES IT AGAIN The Duke Blue Devils captured the NCAA men's basketball championship for a fourth time with a 61-59 win over Butler in Indianapolis, IN. Duke's Final Four title, their first since 2001, snapped Butler's 25-game win streak. **FREE FALLIN'** Canadian freestyle skier Kaya Turski, in her first run since ACL surgery in April, claimed gold in the 2011 Winter X Slopestyle, repeating her win from last year. Turski also took silver in the 2011 Freestyle World Championships. **THREE**

The distinctive sound of vuvuzelas, plastic horns long associated with soccer in South Africa, gained international exposure during 2010 World Cup play.

RETURN POLICY

In September, New Orleans Saints running back Reggie Bush surrendered the 2005 Heisman Trophy after it became clear there'd been violations at USC.

RENEWED

RIVALRY

LAKE SHOW vs THE CELTS

Bird and Magic, Kareem and Ainge, Kobe and Pierce, Garnett and Gasol. The rivalry between these two historic NBA teams was renewed in the late 2000s; after Boston capped off with the win in a six-game battle in 2008, L.A. won a thrilling seven-game series in 2010. Combined, these teams held 32 NBA titles. That's more than half of the NBA's total championships!

/SUPER COMPETITORS

Despite a fourth quarter rally by the Steelers, the Packers won their fourth Super Bowl and 13th NFL title. The two storied franchises went head-to-head at Cowboys Stadium in Arlington, TX with 103,219 fans in attendance and 111 million watching on television. Due to safety concerns, 2000 ticket holders were forced to sit in temporary seating with 400 of the displaced fans left with no seats at all.

PSYCHIC OCTOPUS

Paul, an octopus, correctly predicted the outcome of all seven of Germany's World Cup matches and Spain's final victory over the Netherlands.

GREEN JACKET #3
